

County Executive's Report
July 14, 2020

- The certified tax rate resolution has been filed for consideration waiving the twelve-day rule. The Budget Committee has recommended, along with discussion at the Public Hearing and work-session that was previously held. We will have no tax increase.
- You can see from the minutes and correspondence the Audit Committee met in the month of June.
- Correspondence 14 is the Ambulance Service Audit from the State with a great audit report.
